CONSPIRACY CHRONICLES: 9/11, ALIENS, AND THE ILLUMNATI

Street Date: 2/5/2019
SRP: \$19.99
Cost:

Synopsis:

Insiders reveal a terrifying, unholy alliance that was formed in the 1940's between the elite force that truly governs our planet, the Illuminati, and an Extraterrestrial race that has inhabited the Earth since the dawn of man. It is widely believed that the 9/11 attack was an inside job - but by whom? Many believe it was a political ruse to instigate war with the Middle East and to justify removing many of our civil liberties. Also, since 9/11 we have been placed under a microscope, our privacies removed as we are being watched and profiled by a sinister force with a malevolent agenda. The theories and conclusions that the Government was responsible, though partially true, have taken a surprising new twist - as there may be another explanation, one much larger in scope and much more terrifying. Testimony from an insider reveals an unholy alliance that formed in the 1940's between the elite force that truly governs our planet, the Illuminati, and an Extraterrestrial race that has inhabited the earth since man's beginning. Together they have orchestrated a plot to eventually enslave the human race through a single planetary governing system - known as the New World Order. The 9/11 attack was one of many stages, but the insider warns that the stage we face next may be the final phase - and the end of humanity as we know it. With Jim Marrs, OH Krill; Produced by Warren Croyle, Directed by J. Michael Long.

Synopsis:

Rolf Schneider has been practicing martial arts for more than 30 years. He started early in his youth with karate. Over the years he studied other martial arts, such as aikido or ju-jitsu. BACHI-KI-DO: THE NEW WAY OF MARTIAL ART

Street Date: 2/12/2019
SRP: \$29.99
Cost:

Synopsis:

BACHI-KI-DO is a modified, extensive martial arts system, which was developed by grand master Ralf Bartzsch 9th Dan. One characteristic of BACHI-KI-DO is to fend the attacker off unarmed, just by using your hands and feet. All BACHI-KI-DO moves are based on the principle of defense. The techniques, which are matched with the rate of progress, are set up so that everyone, women & men, young & old, is able to learn it and, if necessary, knows how to apply it in real life. They are effective, quick, elegant, modern times-ready, without losing track of Bachi-Ki-Do's tradition and its origin. Based on the traditional Ching-Mo Moon style and its animal styles, Bachi-Ki-Do was developed into an extensive martial arts system, using elements of different hard and soft martial arts. Next to partner exercises one learns basic forms, breathing techniques and later on as an advanced learner, one also learns animal and weapon forms. Forms, which mean a fight against several imaginary opponents, contain different kicks, punches, throws, blocks and releasing techniques. Bachi-Ki-Do is not meant to be understood as a package of various techniques and forms. It's a fully working system, considering the setup of the different techniques starting from the beginner to the master degree. The practice doesn't only build up physical strength and technique, but it also helps forming personality and building up mental strength. On this DVD the BACHI-KI-DO system is presented by grandmaster Ralf Bartzsch and his students.
