Universal Century 0079. With the outbreak of the One Year War, the Principality of Zeon seeks new weapons and technology to counter the numerical advantage of the powerful Earth Federation. MOBILE SUIT GUNDAM THUNDERBOLT: DECEMBER SKY BLU-RAY COLLECTION

Street Date: 7/11/2017
SRP: \$34.99
Cost:

Synopsis:

Their war has not yet ended... It is Universal Century 0079, at the end of the One Year War between the Earth Federation and the Principality of Zeon. The space colonies of Side 4, or Moore, were previously destroyed by a Zeon attack, and many colonists lost their lives. Side 4 became a shoal zone filled with the wreckage of destroyed colonies and warships, lit by constant flashes of lightning due to collisions between electrified debris. It soon came to be known as the "Thunderbolt Sector." The Moore Brotherhood, an Earth Federation Forces unit made up of surviving citizens from Moore, set out to exterminate the Zeon forces in the Thunderbolt Sector in order to reclaim their homeland. To halt the Federation advance, the Zeon forces deployed their own Living Dead Division, which was established to collect combat data on soldiers with prosthetic limbs. Io Fleming, though part of the Moore Brotherhood, hates being tied down by his homeland and family history. Daryl Lorenz, having lost his legs in earlier battles, is now an ace sniper of the Living Dead Division. When they confront each other on the battlefield, they will reach a mutual realization. These two are destined to kill each other.

Special Features: Trailers, Promos, and TV commercials. Directed by Kou Matsuo (My Hero Academia, Orange, Berserk: The Golden Age Arc I movie).
