AMY BENTO ROSS

STEPLETIC: 2 STEP ATHLETIC WORKOUTS

Street Date: 5/9/2017
SRP: \$19.99
Cost:

Synopsis:

Video fitness favorite Amy Bento Ross returns with this dynamic workout set that will challenge the intermediate and advanced enthusiast.

- Workout One consists of warm-up (specific to this routine), four intermediate, very athletic step combinations with no spinning or complex patterns. The step patterns are easy to follow and recognizable for all of you seasoned or intermediate steppers i.e.; turn step, diagonal, around the world, and L step are only some of the fun moves incorporated into this awesome workout. Be prepared to hop/jump on or over the step. If you need a modification, Jill provides a few throughout the routine. Amy and her team breakdown combinations one and two to start. Both combinations are then done back to back a few times through. Amy and the team work to breakdown combinations 3 and 4, followed by putting them both together a few times through. A short cool down is performed after the cardio combinations are completed and is followed by a ten minute yoga inspired stretch. Amy makes certain your entire body is relaxed, stretched and feeling refreshed. Grab your towel and lots of water, this workout is a fantastic cardio and leg challenge for all! Total run time for cardio approx. 40 minutes, 10 minute stretch is separate from cardio section.
- Workout Two is for the more advanced stepper or someone who has mastered the athletic routine and is ready to take on the challenge! The workout begins with a warm-up (specific to this routine), three complex step patterns that are broken up into small sections. Amy has you go back and practice each section just enough to master it and then adds on the final pieces to complete the combination. Each combination is unique but incorporates familiar moves with a different Amy twist. At the end of the combinations, Amy and her team lace the combinations together for a fun filled flow of hot stepping! Some modifications are performed by Jill in this workout but Amy suggests you watch this workout in its entirety, and then join in. The workout ends with a short cool down followed by the ten minute yoga stretch. Everyone will kick off their sneakers and feel the Zen together. Total run time for cardio approx. 40 minutes, 10 minute stretch is separate from cardio section.

One more detail... the music! In this workout the music was selected by Amy specifically who listened to more than 300 tracks to get the right energy feel for these workouts. Muscle Mixes produced all the music for these workouts. A lot of the songs have lyrics you can sing along to once you get to know them. As Amy says "music is a huge driver in feeling the energy of a workout". Enjoy! BONUS: One yoga-inspired 10-minute stretch that will help to counter all that tough stepping. Two (2) premixes combining both step workouts to create four different heart pumping workouts.

IN PARTNERSHIP WITH HORSES AS OUR COACHES, HEALERS, MESSENGERS AND TEACHERS

Street Date: 5/9/2017
SRP: \$49.99
Cost:

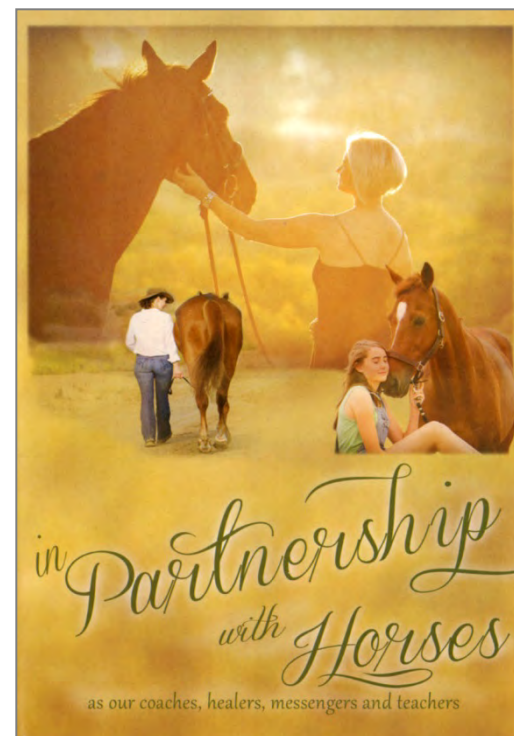

Synopsis:

True Partnership with Your Horse. Horses have been “used” by humans throughout the millennia. In war, agriculture, transportation and more, horses have shaped and changed the face of humanity and the planet. We are just now beginning to unlock the even greater gifts the horses have to offer beyond their strength, speed and stamina. Equine Facilitated Learning is one of the fastest growing segments of the horse world today. Whether it is coaching, training, or counseling for personal growth, the work place, or for emotional or spiritual support, as partners the horses have much to teach us. But how do you know if you are truly partnering with your horse and not just using them as a tool for your program? Let International Equine Behaviorist, Linguist, Clinician and Natural Horsewoman Anna Twinney take you through creating an effective program that not only brings powerful insights, healing and change to your clients but also a healthy, happy environment for your horses.

In this almost 3 hour program you will discover how to:

- Speak the vast, complex and silent language of the horse through gestures, intention, energy, telepathy and more.
- Understand the real messages your horses are telling you, and avoid projecting your own ideas.
- Work with your horse as a genuine, equal partner, and not as a tool for your program.
- Protect your horses from burn out and emotional toxicity.
- Give your horse the role that best suits him and how to identify when your horse is struggling with the job that doesn't suit him.
- Create a top-rate non-profit program from the most senior Board of Executives to the most recent volunteer addition.
- Take care of your horses physically, emotionally and mentally so they can be the happiest, healthiest and most effective partners they can be.

Filmed at The Hidden Acres Therapeutic Riding facility in Naugatuck, Connecticut, U.S.A., this two-DVD set will take you behind the scenes and reveal the secrets to incorporating your gifts into a world class organization, being a true partner and a voice for the horses, and making a powerful impact for those people who need you the most.

FORBIDDEN KNOWLEDGE: ALIENS, TEMPLARS AND SACRED MONOLITHS

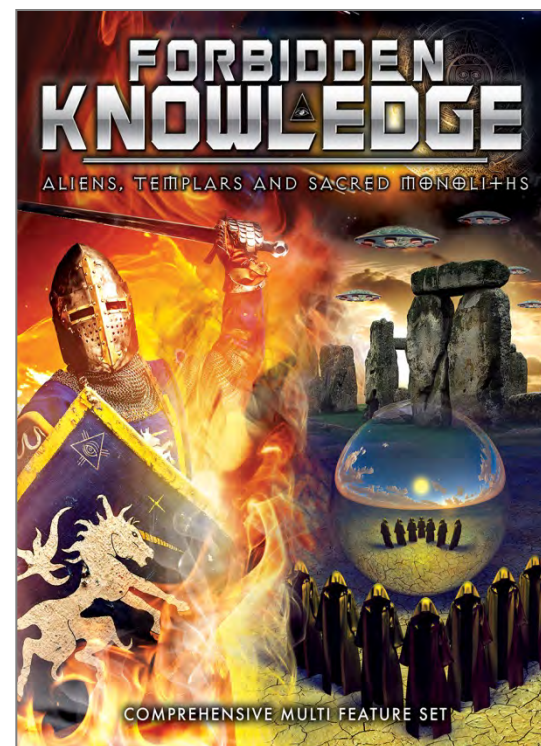

Street Date: 5/9/2017
SRP: \$19.99
Cost:

Synopsis:

Throughout millennia, the ruling elite have obtained and hidden from the masses the vast ancient knowledge and technology given to man by the gods. While forcing the populace to obey and believe a repressive doctrine, they themselves pursue an agenda of total dominion upon the planet for reasons beyond that of conquest and the material but for sinister motives that affect all of mankind.

The three programs on this multi-feature DVD (over 4 hours of content!) will challenge your perceptions and expand your knowledge of these forbidden subjects.

- **Secret of the Holy Grail:** The Holy Grail has been linked to the mysterious family known as the Merovingian's who are said to be a dynasty of priest-kings, with magical powers. Some experts think that the Merovingian's were descended from an ancient race of fallen angels that spanned the globe, taking wisdom and knowledge with them as Atlantis sank. But these Merovingians also held a dark secret and the true ruling power on Earth.
- **Ancient Alien Origins:** The true gods gave rise to the great powers of Egypt, Mesopotamia and more. They spread outwards around the world and were the genesis of a very real holy bloodline that remains with us today. They were also known as "the watchers," those who came to Earth as beings of light to teach and guide mankind. The aliens left Earth millennia ago but the signs are growing daily that the prophecy of their return is imminent.
- **Secret Societies and Sacred Stones:** From the origin of ritualized worship in Sumeria and Egypt, to Secret Societies such as the Knights Templar and the Illuminati, ancient stones and objects have been idolized and used in secret ceremonies unknown to the outside world; used to hold power over the souls of others; and have even been fashioned into beautiful gems and artifacts; and yet, they remain a mystery.
